

HOW YOUR DONATIONS HELPED

IN 2017-2018

22 children received the gift of hearing

through the hospital's renowned BAHA program.

736 children undergoing surgeries benefitted from the Parental Presence at Induction program

unique in Quebec, to help ease the stress that comes with the surgery for the patients and families involved.

1,800 hospitalized children benefitted from **Music Therapy**

to help them deal with their illness, feelings of anxiety and emotions, by playing instruments and writing lyrics.

720 families facing financial hardships were supported through the **Tiny Tim Fund**.

200 children received craniofacial reconstructions so they can have the chance to grow up like every other kid their age.

LITERACY PROGRAM

5,900 books provided

for kids to keep up with learning

4,000 kids

benefitted from new physiological monitors at their bedside that allow nurses to track their vital signs at all times.

NEONATAL INTENSIVE CARE

1,000 sick babies

benefitted from cutting-edge care in the neonatal intensive care unit.

150 teens with eating disorders, mostly girls, were supported through the Family-Based Treatment program of the Adolescent Medicine Clinic, a first in Quebec.

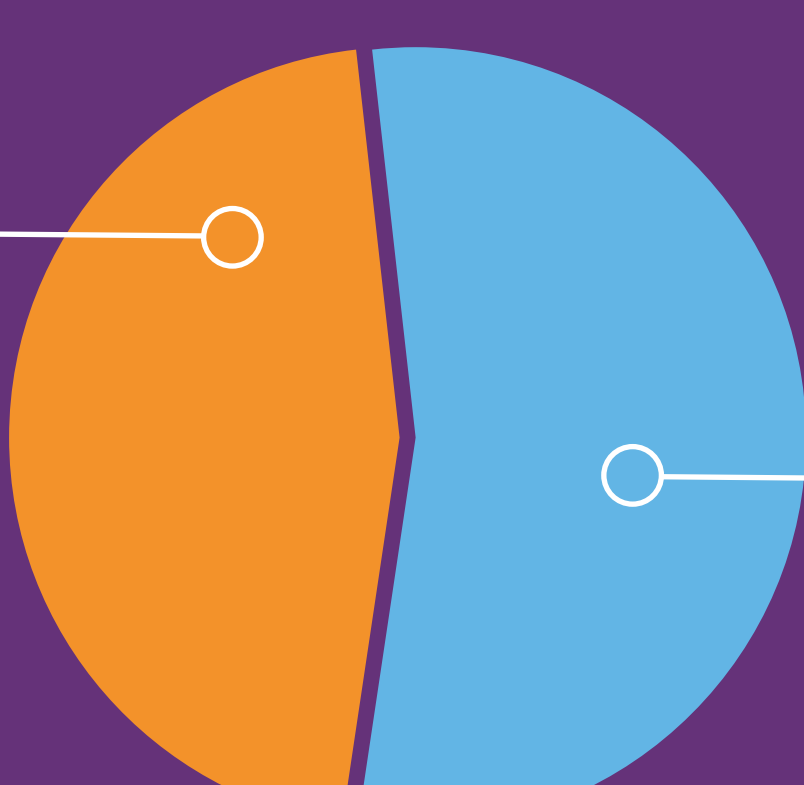

THE CHILDREN'S

BY THE NUMBERS

177,136 PATIENT VISITS

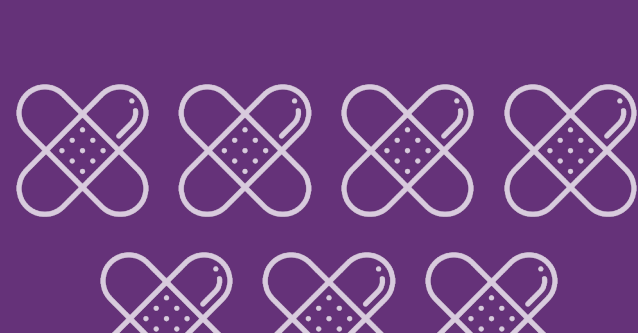

80,909 ER VISITS

96,227 HOSPITAL VISITS

7,646 surgeries performed

5,879 patients admitted

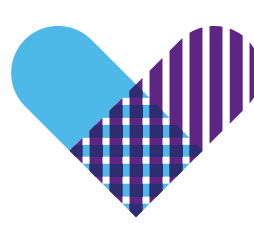

Thanks
